  Running

About Me

I am eager to apply my theoretical knowledge and practical skills in a dynamic work environment. With a strong foundation in information processing and a passion for learning, I am seeking opportunities to contribute effectively as part of a collaborative team. My goal is to gain valuable experience and grow professionally while making meaningful contributions to the organization's goals and objectives.

Experience

Projects

E-commerce Website

-Developed a responsive website using HTML and CSS for front-end development and PHP for back-end development.
-Implemented features such as navigation bar, login page, registration, image and many more.
